

TECHNICAL INFORMATION

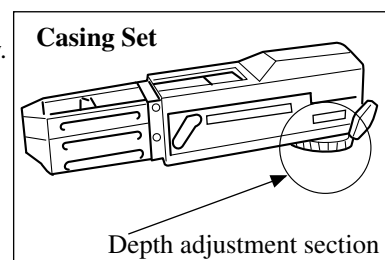

60024

Subject ▶ Change of the Component Parts for Depth Adjustment

For Models ▶ 6833, 6834

Country ▶ All countries

Description ▶ 1) Knob 42 and other component parts for depth adjustment have been changed for standardization as illustrated below. The new parts are identical with those of Model 6835DW.
2) And accordingly, Casing Set for Model 6833 that includes these parts has been changed at the same time.
(The new Casing Set of Model 6833 is identical with that of Model 6835DW.)
However, the part no. of Casing Set for Model 6834 remains unchanged.

	For Model	► Current	► New
1) Components for depth adjustment	6833 6834	<p>Knob 42 (416517-7) Compression Spring 12 (233089-5) Sleeve 4 (257694-4) Flat Washer 6 (267117-4)</p>	<p>Knob 42 (417056-0) O Ring 11 (213105-9) Flat Washer 6 (267201-5)</p>
