Wire cup brush 85 (M10 x 1.5)
Lock nut (for Sanding disk)
Rubber pad 76 or 100
Standard disk 100 or 115-24, 30,50,80,120,100-100

► Features and benefits

1. With the power-reinforced motor, the working efficiency has been upgraded.
2. Due to the small model, light weight and rectangle body, it can be easily gripped even by both hands.
3. The switch control can be done with the use of grip on the body.
4. The built-in shaft lock enables easy loading/unloading of each tool.
5. The movable type wheel cover enables to fix the machine at any position depending on the working conditions.

The standard equipment for the tools shown may differ from country to country.
