100	1.8	50-60	160	85	90
115	1.6	50-60	160	85	90
200	0.9	50-60	160	85	90
220	0.8	50-60	160	85	90
230	0.8	50-60	160	85	90
240	0.7	50-60	160	85	90

<b>No load speed (/min.)</b>	12000
<b>Pad dimension(mm)</b>	100 x 112
<b>Paper dimension(mm)</b>	114 x 140
<b>Net weight(kg)</b>	0.95kg
<b>Cord length(m)</b>	2.5m

### ▶ Standard equipment

Abrasive paper 114-60-----2 pieces  
 Abrasive paper 114-100-----2 pieces  
 Abrasive paper 114-150-----2 pieces  
 Punch plate-----1 piece

### ▶ Optional accessories

Abrasive paper 114-60  
 Abrasive paper 114-100  
 Abrasive paper 114-150

### ▶ Features and benefits

1. Sanding dusts are sucked into the dust bag during sanding operation to allow you to work in the sanitary condition.
2. The main body weighs only 0.95 kg and is small in size to allow you to easily operate it with one hand.
3. The housing is in such the shape that you may wrap it around with your hand and that you may not get tired after its use for a long time.
4. As sanding dusts are sucked up by the dust collector, sand papers are less likely to be loaded with the dusts. Consequently this model is about 20 % better in sanding efficiency in comparison with B04510 model.

▶ **Repair**

Same as for B04510
