

**Subject** ▶ Addition of Nylon Washer 42 and changes on lengths of Impact Bolt Holder and Cylinder B

**For Models** ▶ HM1500, HM1500B (Demolition Hammers)

**Description** ▶ As described below, three parts have been changed to prevent damage on barrel.

	▶ Current	▶ New
Nylon Washer 42		Added
Impact Bolt Holder	Length : 55	Length : 51
Cylinder B	Length : 43	Length : 39

  

The diagram illustrates the assembly of the tool holder components. From left to right, it shows: Cylinder B (length 43 to 39), Rubber Ring 54, Impact Bolt Holder (length 55 to 51), and Tool Holder. A Nylon Washer 42 is shown being added to the assembly between the Impact Bolt Holder and the Tool Holder.
