

Subject ▶ Change on compression spring 46, gear housing cover, etc.

For Models ▶ HM1800

Description

1.Compression spring 46

*The compression spring 46 on the gear housing cover side will be replaced by a compression spring 12. See the figures below.

*The compression spring 46 on the rear case side will be discontinued.

2.Gear housing cover

The portion which accepts the compression spring will be changed in shape as shown in the figures below.

3.Handle base

*The handle bases will be changed in shape as shown in the figures below.

*Note: Not only the handle base on the gear housing cover side but also that on the rear case side will be changed.

4.The rubber sleeve 8 will be changed in shape as shown in the figures below.
