

**Models No.** ▶ JR3020

**Description** ▶ Recipro Saw

## CONCEPTION AND MAIN APPLICATIONS

Model JR3020 employs the most powerful motor in its class (1,020 W) and orbital cutting action mechanism for fast, smooth cutting in various materials. You can select a cutting action suitable for your work using the one-touch lever : straight line, small orbit, medium orbit or large orbit cutting actions.

### ► Specifications

Voltage (V)	Current (A)	Cycle (Hz)	Continuous Rating (W)		Max. Output(W)
			Input	Output	
100	10.7	50/60	1,020	580	1,200
115	9.3	50/60	1,020	580	1,200
200	5.4	50/60	1,020	580	1,200
220	4.9	50/60	1,020	580	1,200
230	4.7	50/60	1,020	580	1,200
240	4.5	50/60	1,020	580	1,200

Max.Cutting Capacity	Pipe	90 mm (3-1/2")
	Wood	90 mm (3-1/2")
Length of Stroke		30 mm (1-3/16")
Strokes per Minute		0 - 2,500
Net Weight		3.8 kg (8.4 lbs)

### ► Standard equipment

Recipro Saw Blade No.21, No. 22, No. 23, Hex Wrench, Plastic Carrying Case

### ► Optional accessories

Recipro Saw Blade No. 21, No. 22, No. 24 (for steel), Recipro Saw Blade No.23, 23B (for wood)

### ► Features and benefits

- 1.Double insulated for operator safety
- 2.See the attached sheet for more information.
