

T ECHNICAL INFORMATION

59552

- Subject** ▶ Modification of Lock Plate
- For Models** ▶ LS1013
- Country** ▶ European countries
Algeria, Reunion, South Africa
- Description** ▶ In order to conform to the European Standards, the Lock Plate has been modified, and one each of Adjuster Plate and Countersunk Head Screw has been added as illustrated below. With this modification, the safety cover can be locked more securely.
