

# TECHNICAL INFORMATION

70983

- Subject** ▶ Change of Ring 16
- For Models** ▶ LS1013, LS1040, LS1040F, LS1045
- Country** ▶ Commonwealth of Dominica, European countries, Bhutan, Canary Islands, Cyprus, Kuwait, Saudi Arabia, Syria, Turkey, Congo, Egypt, Gabon, Morocco, South Africa, Tahiti
- Description** ▶ Ring 16 has been changed. The new Ring 16 can be also used for models LH1040 and LH1040F. When fitting the new Ring 16 on the spindle of the subject models, the clearance between Ring 16 and spindle become fewer than the current.  
See illustration below for the distinction of the new from the current.

## Interchangeability(I/C)

| Item No.             | Current part |  | Q'ty | I/C | New part |  | Q'ty | Note |
|----------------------|--------------|--|------|-----|----------|--|------|------|
| LS1013: 073          | Ring 16      |  |      |     | Ring 16  |  |      |      |
| LS1040, LS1040F: 096 | 257137-6     |  | 1    | Yes | 257262-3 |  | 1    |      |
| LS1045: 050          |              |  |      |     |          |  |      |      |

## Implementation

Around August, 2004 production
